RESPONSE TO RESTRICTION REQUIREMENT Address to: Commissioner for Patents P.O. Box 1450 Alexandria VA 22313-1450	Attorney Docket Confirmation No.	10010116-1 4325
	First Named Inventor	John F. McEntee
	Application Number	10/632,600
	Filing Date	August 1, 2003
	Group Art Unit	1743
	Examiner Name	Keri A. Moss
	Title	Methods and Devices for Modifying a Substrate Surface

Dear Sir:

This communication is responsive to the office communication dated January 20, 2006.

In the above referenced office communication, the Examiner imposed a restriction requirement, requiring the election of the claims of either:

Group I, i.e., Claims 1-13, 30-36 and 39;

Group II, i.e., Claims 14-18;

Group III, i.e., Claims 19-23;

Group IV, i.e., Claims 24-29; or

Group V, i.e., Claims 37 and 38

for further prosecution in this application.

The Applicants hereby elect Group I **with traverse**.

The Applicants also respectfully urge the Examiner to rejoin the claims of Groups II-V with the elected claims of Group I for examination in this application for the following reasons.

The MPEP allows an Examiner to examine otherwise patentably distinct sets of claims if to so would not impose an undue burden on the Examiner. M.P.E.P. § 8.03 states that:

Agilent Ref: 10010116-1
United States Application Serial No. 10/632,600

If the search and examination of an entire application can be made without serious burden, the examiner must examine it on the merits, even though it includes claims to independent or distinct inventions.

In the present case, the claims of Groups II - IV are directed to methods that include common steps as found in the claims of elected Group I, e.g., contacting a substrate surface with a fluid and sonically or ultrasonically agitating the fluid. Furthermore, the claims of Group V are directed to devices and systems for practicing the methods.

Accordingly, little, if any, additional searching should be required for the claims of Groups II- V, and therefore the examination of the claims of Groups II- V together with the claims of elected Group I should impose little, if any, additional burden on the Examiner.

As such, examining the claims of Groups II- V and the claims of elected Group I together in the present application clearly does not impose an undue or serious burden on the Examiner. In the absence of such an undue or serious burden, the Examiner is clearly instructed by the MPEP to examine the entire application. Therefore, the Examiner is respectfully requested to rejoin the claims of Groups II- V with the claims of elected Group I and to examine all the claims together in the present application.

The Commissioner is hereby authorized to charge any underpayment of fees associated with this communication, including any necessary fees for extensions of time, or credit any overpayment to Deposit Account No. 50-1078.

Respectfully submitted,

Date: January 26, 2006
